

BS in Mechanical Engineering
BS In Electrical Engineering
BS in Computer Engineering

Binghamton University, USA

2+2

- World Class Infrastructure
- Dedicated Faculty
- International Exposure
- MSCHE Accredited
- Development of Professional Skills

B E (Hons) in Mechatronics Engineering

University of South Australia

2+2

- Largest university in Adelaide
- 87 % Employment rate
- Strong professional emphasis
- Ranked among the top 3% of universities in Australia
- UniSA - ranked 11th in the World - (as per 2013 QS World University Rankings) of the top 400 universities under 25 years age
- World class research facilities
- Great Teachers

- B E (Hons) in Mechatronics Engineering**
- B E (Hons) in Mechanical Engineering**
- B E (Hons) in Software Engineering**

Deakin University, Australia

2+2

- Better student satisfaction
- Career education and graduate employment service
- Opportunities to do industrial projects
- Future focused engineering and design facilities
- Curriculum designed for design based learning and Industry collaboration
- Ranked amongst Top 50 universities under 50 years (by QS)
- Education towards a career of choice

- B Eng in Mechanical Engineering**
- B Eng Mechanical & Manufacturing Engineering**

University of Hull, UK

3+1

- Accredited by Industrial Bodies
- Direct pathway to Chartered Engineering status
- Advanced Laboratory facilities
- Study under Industry professional guidance
- Opportunities to become Product developer / Production manager / Engineering Manager / Researcher / Designer

B A (Hons) in International Business

2+1

- One of the Leading Business School in UK
- Accredited by AMBA & AACSB
- 5 – Star rating for teaching, employability, internationalization and innovation
- Traditional University / 14th oldest in UK
- One of the top 10 mainstream universities – National Student Survey

- B Eng (Hons) Mechanical Engineering**
- B Eng (Hons) Electrical & Electronics Engineering**
- BSc Software Engineering**
- BSc Computer Science**

Manchester Metropolitan University, UK

2+2

- International Focus
- Strong theoretical and practical foundation
- Project-based learning
- Multidisciplinary awareness
- Development of scientific and analytical skills

B A (Hons) International Fashion

3+1

- Strong element of internationalization
- Strong theoretical and practical foundation
- Business Practice pathway
- Design Practice pathway
- Employability and industry focus

Opportunity to get International Education
Facilitating jobs and further studies abroad through International Credit Transfer (Pathway) programs with major part of study at PSGIAS

Degree awarded by University abroad

Eligibility (UG Courses)

A pass in +2 examination with Good Academic Credentials

BE in Mechanical Engineering
BE in Mechatronics Engineering
BE in Electrical Engineering
BS in Computer Science

IGCHE, Germany

3+1

First class education

Diverse range of study opportunities

Excellent career prospects

Close link between theory and practice

Strong international focus

800 hrs of German Language Teaching at PSGIAS
by native Germans to qualify for Test DaF

Intensive study support, mentoring and
opportunity for internship at Germany

English as medium of instruction at PSGIAS and
German as medium of Instruction at IGCHE

B Eng in Innovative Textiles

Hof University of Applied Sciences,
Germany

2+2.5

Medium of Instruction : English

Emphasis on hands-on experience, project
and context based learning

6 months internship at a leading industry

Development of engineering skills, entrepreneurial
behaviour and leadership abilities

Excellent Reputation

Strong Practical Orientation

Well Equipped Laboratories

Excellent Location to explore Europe & Germany

Affordable Cost of Living

BS in Mechanical Engineering Technology
BS in Computer Engineering Technology

Farmingdale State College (SUNY) Farmingdale,
USA

2+2

ABET Accredited

Close link between theory and practice

Strong International Focus

Excellent Career Prospects

Ranked as # 9 among public colleges in
the North (US News & World Report)

High Quality Education

Students are developed as Innovators,
Entrepreneurs and leaders

BS in Mechanical Engineering

University of the District of Columbia, USA

2+2

Better student to Faculty ratio 11:1

Safest College campus in the District

ABET accredited

Development of Professional Skills

Interdisciplinary learning

Good Career Pathways and Prospects

BS in Mechanical Engineering
BS in Computer Engineering

University of Hartford,
Connecticut, USA

3+1

Offers a dynamic student experience charged
with diversity in its programs, activities and
student body

Excellent career prospects

Ideal staff to student ratio

Close link between theory and practice

Students are shaped with wide range of
knowledge and skill

Internship Opportunities

ABET Accredited

Opportunity to get MS with additional
one year of study

Scholarship Opportunities (based on the
performance in the first 3 years)

BS in Mechanical Engineering

Oregon Institute of Technology, USA

3+1

Close link between theory and practice

Strong International Focus

Students are developed with competitive edge

Dedicated Professors

Personalized attention

Student Faculty Ratio – 15:1
