Curriculum information

The Master's program provides an environment where students can expand their skills and career opportunities through a unique blend of practical education and hands-on learning. The UT MBA program is designed for individuals who want to take their career to the next level. It gives them an exposure to all areas of the business enterprise while providing an opportunity to focus on a specific area of interest.

Level 1

The Foundation courses comprise of introductory graduate level management courses forming the common body of knowledge offered during the first semester.

Level 2

The Core Courses consist of in-depth courses covering the many facets of business, along with a comprehensive course in strategic management. This capstone course is designed to tie all the aspects of the program together in your final semester, and features case studies and simulations.

Level 3

The Elective courses give an opportunity to specialize in a specific functional area of business

Internship

The students are expected to undergo two Internships as part of their course which would enable an exposure to the industry.

Specializations

Finance- Marketing – Human Resource Management ,Operations and Business Analytics
