

PSG INSTITUTE OF ADVANCED STUDIES

Rules and Charges for using Temperature Dependent Hall Measurement System

1. Rules and Charges for using Temperature Dependent Hall measurement System can be availed only on charge basis.
2. Prior registration with advance payment is essential to avail these facilities.
3. Appointment will be given as per queue and allotted time for the slot will be informed through e-Mail.
4. User should clearly mention in the form if he/she wants to use room temperature Hall measurement or temperature dependent Hall measurement and charges will vary accordingly.
5. Sample dimensions for the utilization of Hall measurement system are as follows:
Thin films: 1x1 cm
Pellets : 2x1x1 cm
6. Sample information through I-V characteristics, uniformity of sample and peel off test are mandatory prior to the analysis
7. Charges for utilizing Hall measurement System are as follows:

		Charges In Rupees(18% GST added extra)		
Facility	No of samples	Internal	External	Industry
Room temperature Simultaneous Seebeck coefficient and electrical conductivity measurement System	1	1000/-	1500/-	2500/-
High temperature Simultaneous Seebeck coefficient and electrical conductivity measurement System	1	1000 + 1000/- (every hour)	1500 + 1000/- (every hour)	2500 + 1000/- (every hour)

8. External colleges & Universities and industry users should pay the charges in advance before the work is taken up.
9. No refund of payment will be made in any case.
